# Overview of Nasosoft Components for .NET

Welcome to Nasosoft® Components for .NET, which including following .NET programming libraries:

- **Nasosoft Spreadsheets for .NET**

Nasosoft Excel for .NET is a powerful spreadsheet component that gives you the ability to read, write and manipulate Excel spreadsheets into your .NET applications without requiring any Microsoft® Office installation.

- **Nasosoft PDF for .NET**

Nasosoft Pdf is a feature-rich PDF format .NET component. It supports PDF create, modify, encrypt, merge, split and extract text content from PDF files. Without understanding PDF format, you can easily add PDF capability into .NET applications in a few lines of code.

- **Nasosoft Transform for .NET**

Nasosoft Transform is a .NET component that provides document format transformation for RTF, HTML, TEXT format and more. It allows developers to easily convert RTF into HTML and convert HTML into RTF in C# / VB.NET/ ASP.NET Applications.

- **Nasosoft Mail for .NET**

Nasosoft Mail for .NET is a powerful e-mail component which provides you the ability to send, receive and parse e-mail message with POP3, IMAP4, SMTP network protocols with .NET technology.

- **Nasosoft Barcode for .NET**

Nasosoft Barcode for .NET is a suite of powerful barcode components that gives you the ability to create and read different type of barcode images with Microsoft .NET technology.

This document provides a guide for licensing Nasosoft Components for .NET.

## Install Nasosoft Components for .NET

### System Requirements

#### Operating Systems

Operating System	
Microsoft Windows 2000	Yes
Microsoft Windows XP (x86 and x64)	Yes
Microsoft Windows Server 2003 (x86 and x64)	Yes
Microsoft Windows Server 2003 R2 (x86 and x64)	Yes
Microsoft Windows Server 2008 (x86 and x64)	Yes
Microsoft Windows Server 2008 R2 (x86 and x64)	Yes
Microsoft Windows Vista (x86 and x64)	Yes
Microsoft Windows 7 (x86 and x64)	Yes
Ubuntu	Yes

#### Platforms

Platforms	
Microsoft .NET Framework 2.0	Yes
Microsoft .NET Framework 3.0	Yes
Microsoft .NET Framework 3.5	Yes
Microsoft .NET Framework 4.0	Yes
Mono	Yes

### Development Tools / IDE

Development Tools /IDE	
Microsoft Visual Studio 2005	Yes
Microsoft Visual Studio 2008	Yes
Microsoft Visual Studio 2010	Yes
Borland C# Builder	Yes
Mono Develop	Yes
Sharp Develop	Yes

### Install and Uninstall Nasosoft Components for .NET

Nasosoft Components for .NET is distributed as an MSI installer. You can use the installer to install and uninstall the components. The installer performs following tasks:

- Copy the Nasosoft components assemblies
- Copy the sample projects with source code
- Install the API documentation and programming guide.

### Deploy Nasosoft Components for .NET

Nasosoft Components for .NET supports XCOPY deployment like other typical .NET components. You can simply copy the Nasosoft Components for .NET assemblies to your application bin folder.

# Getting Started with Nasosoft Components for .NET

This section contains basic background information that will help you understand and build your application with Nasosoft Components for .NET.

## Download and Evaluate Nasosoft Components for .NET

Nasosoft Components for .NET is provided as part of the Nasosoft .NET Components Suite, which is a collection of all the .NET components package from Nasosoft Ltd. Download and install the Nasosoft .NET Components Suite.

**Note** Before you install Nasosoft .NET Components Suite, you need to install .NET Framework 2.0 or later version, which you can download at Microsoft Download Center.

The evaluation copy of the Nasosoft Components for .NET provides fully functions with watermarks injection or other limitations.

## Explore and Study Code Samples

The code samples for Nasosoft Components for .NET are included in the MSI setup package. You can explore and build the code sample easily.

## How to Get Answers and Technical Support

### Ask Your Questions on Forum

We have product forums for technical support and discussion. Our developers and technical support engineers are responsive to reply the posts on the forums. If you have any questions about Nasosoft Components for .NET, please feel free to post your questions or concerns on our forums. We will get back to your timely.

**Note** You need to register an account on our website in order to get the permission to submit your questions.

## Get FREE Technical Email Support

We also provide FREE Email support service to our customers. If you have any questions about Nasosoft Components for .NET, please feel free to email your questions or concerns to [sales@nasosoft.com](mailto:sales@nasosoft.com).

This service is totally FREE. It is available to all our product users and customers. You don't need to pay for it. You don't need to purchase any of our products. If you are using Nasosoft products, feel free to submit your problems in emails to [sales@nasosoft.com](mailto:sales@nasosoft.com).

## Request Demo or Code Samples for FREE

We understand that people have different and variable product scenarios for spreadsheet programming. Our code samples and demo cannot cover all the possible product scenarios. Therefore, we are more than glad to help our customers to create demos or code samples. Please feel free to submit your specific product scenarios or requirements on our forums or by email ([sales@nasosoft.com](mailto:sales@nasosoft.com)). Our developers and support engineers will develop the demo and code samples for your reference.

## Get Prompt and Timely Support for Licensed Customer

If you are a licensed customer, please provide your email which you used in purchase the license, we will place top priority to support your case.

You can send email to [sales@nasosoft.com](mailto:sales@nasosoft.com), or post your question to our technical support forum. Your issues and questions will be responded and processed timely.

## Request 30 Days FREE Trial License

**Nasosoft Components for .NET** come with advanced, professional, feature-rich controls for C# and VB.NET. Start to get FREE evaluation in this section

You can get 30 days Trial License for free by submitting your request by email ([sales@nasosoft.com](mailto:sales@nasosoft.com)). Our sales will get back to you within 2 business days.

# Licensing

This section introduces how to set license file and get the build information. In order to set the license for the components, you need to add some license code into you application.

## Licensing Nasosoft Spreadsheets

**Example:**

```
[C#]
```

```
//Create a license object  
LicenseManager lic = new LicenseManager();  
lic.ValidateLicense("nasosoft.lic");
```

```
[VB.NET]
```

```
'Create a license object  
Dim lic As LicenseManager = new LicenseManager()  
lic.ValidateLicense("nasosoft.lic")
```

## Licensing Nasosoft PDF

### Example:

```
[C#]
```

```
//Create a license object  
PdfLicenseManager lic = new PdfLicenseManager ();  
lic.ValidateLicense("nasosoft.lic");
```

```
[VB.NET]
```

```
'Create a license object  
Dim lic As PdfLicenseManager = new PdfLicenseManager ()  
lic.ValidateLicense("nasosoft.lic")
```

## Licensing Nasosoft Transform

### Example:

```
[C#]
```

```
//Create a license object  
TransformLicenseManager lic = new TransformLicenseManager ();  
lic.ValidateLicense("nasosoft.lic");
```

```
[VB.NET]
```

```
'Create a license object  
Dim lic As TransformLicenseManager = new TransformLicenseManager ()  
lic.ValidateLicense("nasosoft.lic")
```

## Licensing Nasosoft Mail

### Example:

[C#]

```
//Create a license object
var lic = new MailressionLicenseManager ();
lic.ValidateLicense("nasosoft.lic");
```

[VB.NET]

```
'Create a license object
Dim lic As MailLicenseManager = new MailLicenseManager ()
lic.ValidateLicense("nasosoft.lic")
```

## Licensing Nasosoft Barcode

### Example:

[C#]

```
using Nasosoft.Barcodes;
//Create a license object
var lic = new LicenseManager ();
lic.ValidateLicense("nasosoft.lic");
```

[VB.NET]

```
Import Nasosoft.Barcodes

'Create a license object
Dim lic As LicenseManager = new LicenseManager ()
lic.ValidateLicense("nasosoft.lic")
```

## License on Mono Platform

If you are using Nasosoft Components for .NET on MONO platform, you need to get a licensed copy of dll. Please send your request to [sales@nasosoft.com](mailto:sales@nasosoft.com), we will send you a download link or send you the dll in email attachment.
